DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1-14 to an invention non-elected without prejudice and disclaimer filed on 2/25/02. Accordingly, claims 1-14 have been cancelled.

REASONS FOR ALLOWANCE

Claims 15-27 are allowed.

The following is an examiner's statement of reasons for allowance:

Tsuji et al. and Cox et al. fail to disclose the combination of all the limitations recited, including using the second electroplate layers and the circuit line mask to forming a plurality of second metal pegs and a plurality of printed circuit lines.

Therefore, the overall of a method for forming an integrated circuit package that contains an array of metal pegs connected by printed circuit lines is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
